## CLEVELAND'S CATCH. IS NO ASSASSINATION

Former President Makes Address at a Clam Bake.

### LANDS NINE POUNDER

Buzzards Bay Fisherman Says Hon. ex-Speaks of 'saak Walton Infant at Home.

New York, Aug. 29.—Former President Cleveland has been making merry with the members and guests of the Old Colony club at a clam bake on Marshall's island, says a Times special from Bourne, Mass. The feature of the day was a short humorous address he made. "I hope," said he, "that the club will persevere in its efforts to ward the unrelenting preservation of the Buzzards Bay fisheries, and I am willing to take out all the benefits of the club in fishing.

"Within the past few years, I have been widely jeered and derided for spending so much of my time at fishing. For those who jeer and deride me I have only a quiet and unqualified contempt. I fish because I like it, and I hope that I will continue to go fishing until as near the end of the chapter as possible.

"I should like to say right here that I am more interested in the protection of the fishing at Buzzards Bay than about our hoary-headed infant industries. I care more for these fishing interests than I do about the policy of the next federal administration.

"I hope that the Old Colony club will keep up its fight for the protection of the fisheries. Let there be no relaxa-

tions or compromise. Keep up the fight unceasingly.

"Perhaps some of you are aware that an interesting event has recently taken place in our domestic circle. I am proud to say that another future fisherman has quite lately increased the population of Buzzards Bay by one.

"Now, some people are in the habit of telling fish stories, and some people, notably a well-known physician of my acquaintance, are accustomed to weigh their catch of fish on their own private scales. Although this happy event was not the occasion of telling any unusual yarns, I got my fish scale into requisition and weighed my latest catch honestly, and the tally was an even nine pounds."

### FROM HONOLULU.

The Race Question Cuts Quite a Factor in Politics.

Honolulu, Aug. 29.—Andrew, attorney general of Hawaii, sent a cablegram to United States Attorney General Knox asking for a ruling on a question previously submitted by mail, whether or not a member of the territorial legislature could be eligible to a candidacy for (senatorial) office under the provisions of the constitution.

The Republicans Friday night held primaries for the purpose of choosing candidates for the first county elections to be held in the territory. A number of members of the legislature are candidates for county offices. The contests in several precincts are very spirited and the race question is quite prominent. In the Seventh precinct, Fourth district, a negro was egged. A large number of police was summoned to the precinct.

### BASEBALLISTS HURT.

Wabash Train With St. Louis and Cleveland Teams on Board Wrecked.

Peter, Ind., Aug. 29.—A Wabash train carrying St. Louis and Cleveland American league base ball teams en route for St. Louis was wrecked at Napoleon, O. Several players were hurt. William Rothoff, a pitcher for the St. Louis team, had a hand cut and wrist sprained. Sydney Mercer, secretary of the St. Louis team, rib fractured; Ernest Heidrick, center fielder, St. Louis, right leg and face badly cut; Napoleon Lejeune Cleveland, knee sprained. Several others were bruised.

### Joins in Request.

Washington, Aug. 29.—Secretary Hitchcock has received a telegram from Governor Stanley, a member of the Dakes Indian commission, joining in the request made by Messrs. Hixby and Needles for an investigation into the conduct of the commission.

Vice Consul Magelssen Shot at, but Was Not Harmed.

### MISTAKE IN CIPHER.

Turkish Authorities Express Regret Over Affair and Seek Miscreant but American War Ship Will Proceed.

Oyster Bay, Aug. 29.—President Roosevelt was informed by a representative of the Associated Press of the incorrectness of the report that Vice Consul William C. Magelssen at Beirut had been assassinated. He was shot at, however.

The president expressed gratification that Consul Magelssen had escaped without injuries from the assault of the would-be murderer. He announced, however, that no change at present would be made in the plans of this government and that the European squadron, which he ordered to proceed to Beirut, would continue to its ordered destination.

It can be said that the president and Secretary Hay both regard it advisable in view of the present state of unrest in Turkey to have American war vessels in Turkish waters.

For several hours President Roosevelt and Secretary Hay were in conference at Sagamore Hill. They discussed every suggested phase of the situation in Turkey. Secretary Hay returned to Washington Friday night.

The fact that Secretary Hay considers his presence in Washington necessary at this time indicates the serious view he takes of the Turkish situation. He had not expected to return to Washington for several weeks, but the developments in the Ottoman empire during the past few days induced him to come to Oyster Bay for a conference with the president, after which it was deemed desirable by both that he should return to Washington at least for a couple of weeks.

On Friday night a telegram received by Secretary Loeb from Acting Secretary of State Loomis at Washington communicating the text of a cablegram from Minister Leishman at Constantinople confirming the Associated Press report of the inaccuracy of the report of Consul Magelssen's assassination.

### MISTAKE IN CIPHER.

Vice Consul Magelssen Was Shot at, but Bullet Did Not Hit Him.

Constantinople, Aug. 29.—It transpires that the report that Vice Consul Magelssen was killed is incorrect. An unknown individual fired at him, the bullet passing close to the vice consul, but did not touch him. The vail of Beirut afterward visited Vice Consul Magelssen, expressed his regrets for the outrage and ordered measures for the arrest of the perpetrators. The error in stating that Vice Consul Magelssen had been killed arose from a mistake in a cipher telegram.

### To Be Sent at Once.

Washington, Aug. 29.—The Brooklyn will proceed with all speed to Beirut and will not wait for the Machias, which is a much slower vessel. Acting Secretary Darling telegraphed the commanding officer of the Machias at Genoa for him to follow the Brooklyn to Port Said, where he is to coal and await orders.

### May Seize Ports.

Washington, Aug. 29.—If Turkey does not promptly comply with each and every demand of the Washington government, Rear Admiral Cotton will be instructed to seize one or more ports and hold them until the American demands are granted.

### ARE BOMBARDING.

Seven Battalions of Turkish Troops Engaged in the Work.

Salonica, Aug. 29.—About 2000 insurgents now near Votina have been ordered to concentrate in the mountains of Movihova. They are expected to attack Thessalonica and Nauplia. During the evening of Aug. 25 a force of insurgents attacked Nevechia, where 240 soldiers were stationed, 200 of whom were killed. The insurgents have constructed earthworks. Seven battalions of Turkish troops which arrived at Nevechia Friday morning are now bombarding the defenses.

### Two Regiments Sent.

Sofia, Aug. 29.—The government has despatched two regiments to the frontier to strengthen the guards and enable them to exercise greater vigilance in view of the anticipated attempts of insurgents to enter Macedonia.

### VARDAMAN NAMED.

He Receives Democratic Nomination For Governor of Mississippi.

Memphis, Aug. 29.—Returns received by the Commercial-Appeal from the Mississippi Democratic primary election of Thursday, leave no doubt regarding the nomination of James K. Vardaman for governor of the state over Judge Critt. The official count will probably give Vardaman a majority close to 10,000. In the primary Vardaman carried several counties that were carried by Critt in the first election.

### Conferred at Chicago.

Chicago, Aug. 29.—President John Mitchell and other officers of the United Mine Workers of America held a conference with a number of operators from the states of Missouri and Arkansas. The principal matter under discussion was the demand of the miners for an increase of pay for the "dead work" which comprises the handling of the coal after it has been blasted out. No agreement was reached.

### Bank Clerks to Meet.

New York, Aug. 29.—With the ultimate purpose of establishing a national federation of its chapters, the American Institute of Bank Clerks is planning a convention to be held in Cleveland on Sept. 1 and 15. This will be the first convention of these organizations of bank clerks. Three hundred delegates will attend the convention.

Salonica, Aug. 29.—Five thousand Macedonians demonstrated here as a protest against the action of the Bulgarian revolutionaries.
